[*] Corresponding author: Quang-Vinh Dang, vinh.dq4@buv.edu.vn, ORCID: 0000-0002-3877-8024

CRediT authorship contribution statement

Quang-Vinh Dang: Conceptualization, Methodology, Formal analysis, Supervision, Writing – original draft, Writing – review & editing. **Ngoc-Son-An Nguyen:** Software, Investigation, Validation, Data curation.

Funding

This research received no funding.

Declaration of competing interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Declaration of generative AI and AI-assisted technologies in the writing process

During the preparation of this work the authors used generative AI tools to support the writing. After using these tools, the authors reviewed and edited the content as needed and take full responsibility for the content of the published article.

Data and code availability

All eight datasets are public benchmarks (German, Bail, Credit, Pokec-z, Pokec-n, NBA, Facebook and AMiner-S). The code, the configuration files, the per-run results with per-round logs, and the scripts that generate every table and figure of this paper are available upon publication.
